\$250,000 DEFICIENCY BUDGET FOR SCHOOL SYSTEM IS URGED

Ballou Declares It Contains Only Indispensable Items for Current Scholastic Year—Details Withheld.

Supplemental estimates calling for approximately \$250,000 will be transmitted to the Commissioners today by Dr. Frank W. Ballou, superintendent of schools. The board of education at its meeting yesterday afternoon approved the budget in its entirety as drafted by the officials.

The deficiency budget was presented to the board by Supt. Ballou, who pointed out that it contained only items which the authorities regard as absolutely indispensable during the current scholastic year. Details, however, were not made public.

After paying Miss Alice Pollock, assistant director of the community center department for five years, a glowing tribute, the board accepted her resignation, effective November 10. Dr. Ballou announced that the vacancy created by her resignation will not be filled at the present time.

Annual Conference December 5.
At the request of the superintendent, the board called its annual conference with representatives of the several civic organizations for December 5. This conference will form a part of the education week program in the local schools, is designed to familiarize members of these bodies with existing conditions in the school system and the need for improvements.

Another feature of the education week program will be the dedication of the new Kingsman School and the addition of other buildings recently completed. Dr. Ballou announced that he is arranging informal celebrations to be held in the several buildings during the week and urged board members to attend. Receptions will be held afterwards in the buildings, which will be open to public inspection.

Safety Booklets Given.
Distribution of safety pamphlets to every teacher in the system was authorized by the board. The teachers will use the literature in instructing their pupils in the necessity of taking precaution. The pamphlets will

be furnished by insurance companies. Dr. Ballou was authorized to visit the public schools of Chicago after December 7. He also was granted permission to visit Girard College and the public schools of Philadelphia, November 22-24.

Loose Eighteen Days' Pay.
The Commissioners also notified the board of the recent purchase of five parcels of ground in the rear of the Harrison School; that they accepted the newly completed additions to the Wheatley and John Eaton schools on October 28, and that Miss Grace A. Walker, a teacher at the Takoma School, under a ruling of the auditor, is not entitled to pay for the first eighteen days in September because she reported for duty a day after the opening of the schools for the new term.

Plans are being made, Supt. Ballou announced, to improve conditions at Western and Armstrong High Schools and the Garrison, Chain Bridge Road, Lovejoy and Smothers elementary schools. He stated that a local motion picture concern is permitted to take "movies" of the forthcoming Central-Eastern gridiron battle was referred by the board to Dr. Ballou, with power to act.

Monroe Charges Answered.
Thirteen indictments against the Monroe School, contained in a resolution adopted by the Columbia Heights Citizens' Association, were answered by Dr. Ballou. The superintendent pointed out that a majority of the charges are true, and declared that the school officers are aware of the needs of the building. At the same time he remarked that he appreciated the interest of the association in the Monroe and other schools within its territory.

Changes in personnel approved by the board follow:
Resignations—L. O. Jensen, teacher, Lenox School; G. A. Zeller, teacher, Webster School; C. C. Mix, teacher, John Eaton School; F. E. Young, teacher, Corcoran School; F. B. Bradley, teacher, now on leave of absence; M. Becker, teacher, Takoma School, and Alice Pollock, assistant to general director, Community Centers.

Transfers—M. E. Stodder, teacher, from 810 6th street southwest to Threlkeld School, and M. E. Stodder, teacher, from Denison School to physical training, Park View School.

Promotions—C. M. Tonge, teacher, Denison School, from class 3 to class 4; W. W. Stockton, janitor, from Lenox School to Monroe School; H. E. King, teacher, assistant to the assistant director of primary instruction, from class 4 to class 5, and M. E. Henson, teacher, Atypical School, from class 3 to class 1.

Retirement—G. M. Martin, teacher, now on leave of absence.
Leave of absence—R. E. Mayers, teacher, school gardens.
Appointments—E. A. Conner, temporary teacher, class 3, 810 6th street southwest; V. K. Austin, probationary teacher, class 3, Denison School; H. S. Conner, probationary teacher, class 3, Lenox School; P. S. Erickson, probationary teacher, class 4, Webster School; M. E. Moore, probationary teacher, class 4, Corcoran School; G. W. Bryant, cabinetmaker, probationary, public schools; C. D. Walter, temporary teacher, class 1, John Eaton School; J. K. Kerr, temporary teacher, class 6A, Western High School; R. G. Addor, probationary teacher, class 2, Brightwood Park School; Erna Paul, teacher, temporary, class 3, domestic art, Columbia Junior High School; F. M. Cornell, permanent teacher, class 4, Columbia Junior High School; H. R. Hill, permanent teacher, class 2, Webster School; J. K. Sellers, janitor, Lenox School and Lenox portables; L. Nicholas, club leader, Trinidad Community Center; A. C. Chiles, temporary teacher, class 3, physical training; A. J. Hamilton, permanent teacher, class 2, Montgomery School; L. C. Calan, permanent teacher, class 3, Garfield School.

URGES 2 MILLION FOR SCHOOL FUND

Citizens' Association Calls for Increases in Teacher Wage.

Recommendation of an additional appropriation of \$2,000,000 annually for five years for more school buildings in the District of Columbia was made Friday night at a meeting of the Sixteenth Street Heights Citizens' Association in the adoption of the report of the chairman of the school committee, Mrs. Elizabeth Phillips. The meeting was held in the home of C. M. Shinn, 1502 Floral street.

In Mrs. Phillips' report also was the recommendation to abolish all obsolete text books in the schools and to raise teachers' salaries.

The proposal to create a separate utility board, so that the Commissioners would be relieved of the extra work now imposed upon them, was discussed. It was argued that an independent commission could give more time to the pressing needs of the several communities. It was said the city's growing interests demand the change. The question went over to the next meeting.

The association endorsed a resolution supporting safety week plans. The proposed plan of requiring motorists to give bond before being allowed to drive machines was considered. A resolution also was adopted asking that one of the cross streets be extended east from Georgia avenue in the interests of the school children who attended the Takoma Park school.

The secretary was instructed to write to the public utilities commission asking for reconsideration of its decision, denying the extension of the bus line from 16th and Buchanan streets to Alaska and Georgia avenues. The association opposed the erection of a gasoline station at Alaska and Georgia avenues.

Charles H. Mayers, L. P. Allen, G. R. Dickson and J. W. Kingshorne were elected to membership. S. D. Grove, president, presided.

BALLOU IS HOPEFUL OF D.C. SCHOOL AID

Superintendent Says Campaign for Improvement Shows Results.

Belief that consideration will be given school legislation now pending in Congress at the forthcoming extra session was voiced yesterday by Supt. Ballou. Meantime, Dr. Ballou indicated that the officials of the schools will continue their campaign to enlist the united support of the various civic bodies in seeking passage of the school measures, which include the Capper teachers' salary and school reorganization bill and the compulsory education bill.

Dr. Ballou's optimistic outlook for the school bills has been strengthened by the recent public expressions of several members of Congress, who have promised to do all in their power to push the legislation at the special session.

The superintendent pointed out that the deplorable conditions in the District public educational system are gradually becoming known in various sections of the country. He believes that the broadcasting of this information into the home districts of the members of Congress will aid materially in securing the legislation which is designed to improve educational conditions.

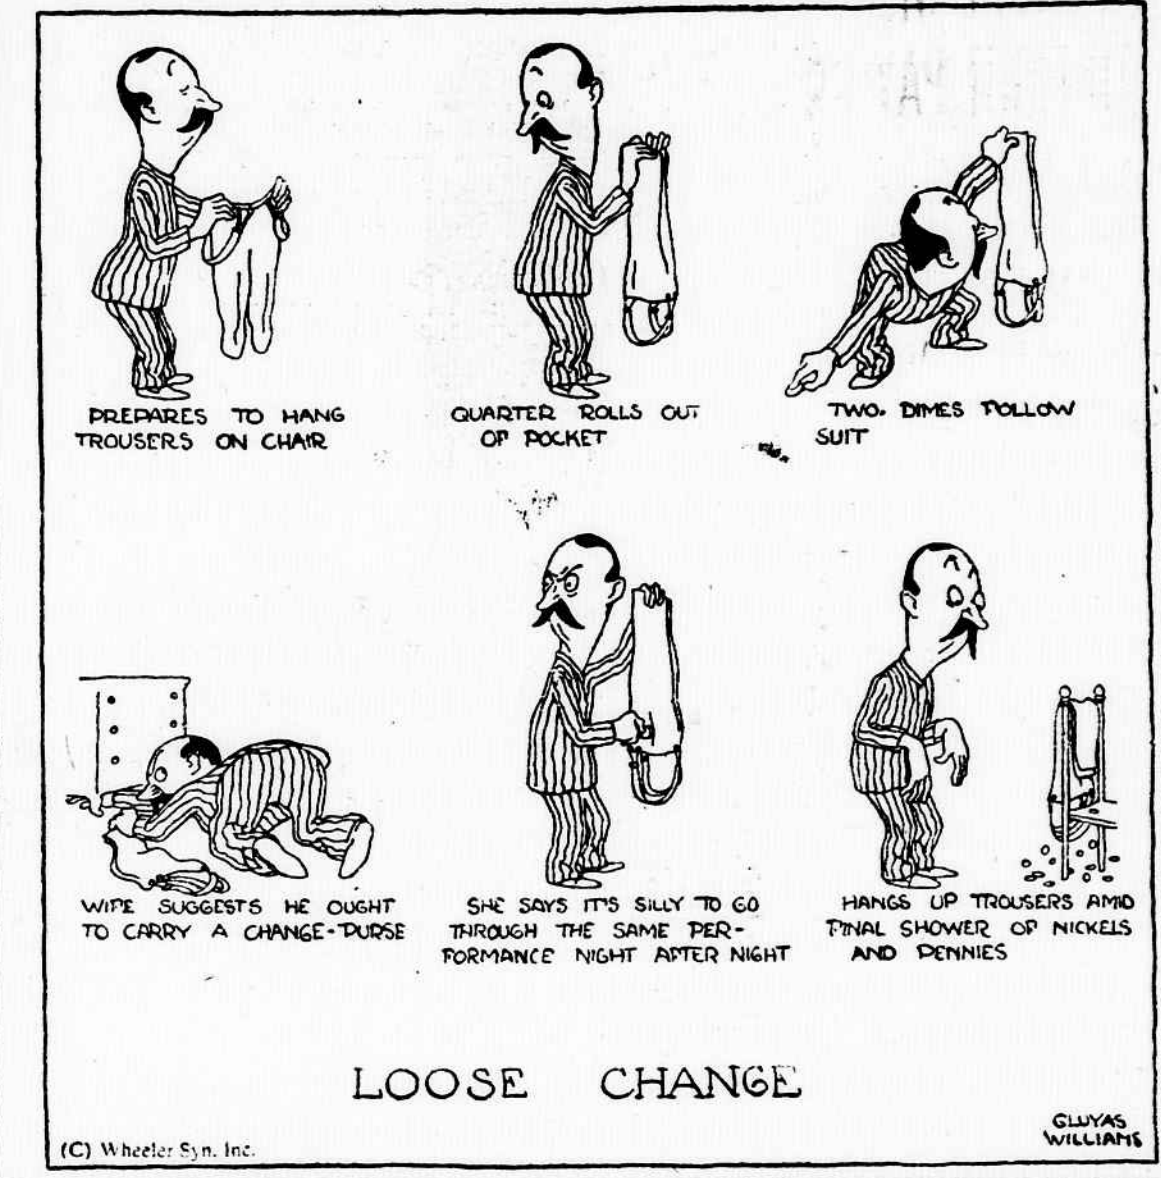

A letter was received by Dr. Ballou today from a man in South Carolina advocating an educational revolution in the District public school system. The man in question had just been familiarized with the conditions of the local schools through the newspapers, and declared that Washington, above all cities in the United States, should have a model school system.

SIGNAL CORPS CHANGES.
Col. Charles S. Wallace Signal Corps, at Manila, P. I., has been ordered to San Francisco, Cal., to be promoted to Lt. Col. Sebring C. McGill, Signal Corps, at the latter city, has been transferred to Manila.

MAJ. TITTMAN TO SING.

Heads Vaughn Class Concert Tomorrow Night at Calvary Church.
Maj. Charles Trowbridge Tittmann, orator and recital bass-baritone, will head the program of the thirty-second annual concert of the Vaughn class of Calvary Baptist Church tomorrow night in the Sunday school house. This concert, as in the past, is intended to put before the people of Washington the best of the local artists.

Other artists taking part will be Miss Angela Keir, monologist, formerly with the Sothern-Marlowe company; Getano Giove, euphonium soloist of the Soldiers' Home and Rialto orchestras; William F. Raymond, tenor; Miss Netta Crake, soprano; Ernest Lent, violinist, and R. Hartley, M. Silverman, H. A. Virts and L. Weinham, instrumental quartet.

LANGLEY FLYERS LEAVE.

Beaten but not disgraced, the five Martin bombers which fell before the onslaught of nine Bolling Field aviators yesterday noon in a terrific battle over the city of Washington, left the Anacostia station for their base at Langley Field, Va., at 1:30 o'clock this afternoon.

Yesterday and this morning the officers who piloted the huge crafts up the Potomac were entertained at the field and in the city.
